

## Brooks DELIGARD

Item number 41584, KMAT 61000389

### Product description

DELIUS upholstery fabrics with DELIGARD technology are particularly resistant to moisture and dirt. The innovative system gives bacteria, dirt and moisture no chance. The technology prevents the growth of germs and therefore offers lasting cleanliness even under heavy use. They are the solution for long-lasting stain-free upholstery. The surface is covered with a special coating that protects the fabric from the penetration of dirt. The protective layer on the back prevents moisture and wetness from penetrating. Brooks DELIGARD is characterized by its subtle graphic pattern and soft feel. With this combination, it not only offers an understated, modern look, but also creates a cozy atmosphere. The two-tone melange yarn gives the colors a light texture and visual depth. The broad color palette is made up of finely graduated natural and grey tones and vibrant, highly colored shades. Powdery shades complement the color range perfectly.
