

## Fellini X DELIGARD

Item number 22069, KMAT 61000218

### Product description

DELIUS upholstery fabrics with DELIGARD technology are particularly resistant to moisture and dirt. The innovative system gives bacteria, dirt and moisture no chance. The technology prevents the growth of germs and therefore offers lasting cleanliness even under heavy use. They are the solution for long-lasting stain-free upholstery. The surface is covered with a special coating that protects the fabric from the penetration of dirt. The protective layer on the reverse side prevents moisture and wetness from penetrating. The special character of Fellini X DELIGARD lies in its very soft and woolly surface. In addition, a light color melange underlines this cozy look. Fellini X can be used in almost all public areas. In hotel rooms, lobbies, restaurants, hotel bars and retirement homes, DELIGARD fabrics contribute to long-lasting clean upholstery.
