

Finett DIMOUT

Item number 36711, KMAT 61000155

Product description

Dimout curtains are blackout fabrics that reduce the usual 40% light transmission to just 1%. The degree of darkening is 99%, depending on the color. Dimout fabrics are a double satin with a black weft. These two components ensure a very dense, softly flowing fabric that hardly lets any light through and has excellent acoustic properties. Finett is a modern, extremely dense dimout with a melange character. In dark colors, this dimout even takes on a blackout character (100% blackout). The subtle, matt sheen gives it its elegant character. The 24 colors offer a variety of design options that absolutely meet modern requirements.
