

Garry

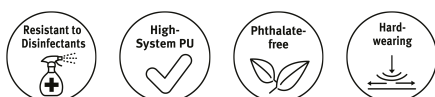

Item number 41813, KMAT 61000396

Product description

Garry is a high-system PU faux leather with a textile look. It conveys visual comfort and coziness while offering the functional advantages of a faux leather. High System PU faux leathers are phthalate-free and particularly soft and resistant to soiling. They are quick and easy to clean. With over 300,000 abrasion cycles, they are durable and robust. Thanks to its permanent bi-elasticity, the material can be easily processed using all the usual methods in the upholstery industry. Garry is ideal for modern hotel furnishings; from headboards and bed surrounds to seating of all kinds.
