

Glamour DIMOUT

Item number 33046, KMAT 61000303

Product description

Dimout curtains are blackout fabrics that reduce the usual 40% light transmission to just 1%. The degree of darkening is 99%, depending on the color. Dimout fabrics are a double satin with a black weft. These two components create a very dense, softly flowing fabric that hardly lets any light through and has excellent acoustic properties. This decorative fabric delivers what its name promises: a breathtaking sheen on soft, flowing satin. The combination of mystical and dramatic colors gives the color range a special touch. Glamour is doubly glamorous thanks to its double-sided sheen. Dimouts darken bedrooms and hotel rooms and enable a peaceful night's sleep. In a pleasant way, the colors and design create a feel-good atmosphere.

Technical Details

Fabric width	approx. 150 cm
Weight je m²	approx. 245 g/m ²
Composition	100% Polyester FR
Flame retardancy	IMO 2010 FTP Code Part 7, M 1, C 1, BS 5867 Typ B, DIN 4102 / B1, NFPA 701 Flammability performance is dependant on the foam used.
Light fastness	note 4-5
Light & solar properties	{"color": "9550", "total_energy_permeability_degree": 0.5, "reduce_factor": 0.61}
Wash fastness 40°C DIN EN ISO 105-C06	note 5

Dimensional change Washing 40°C
DIN EN ISO 6330 DIN EN ISO 5077

warp approx. +/-1%, weft approx. +/-1%

Rubbing fastness
DIN EN ISO 105-X12

dry: note 5, wet: note 5
