

Harper

Item number 41278, KMAT 61000384

Product description

The interplay of a shiny, fine warp with a voluminous bouclé yarn gives the upholstery fabric Harper a lively look. With its soft feel, Harper exudes pure homeliness. It is also extremely hard-wearing and can be used in a wide range of applications thanks to its extensive color palette. Harper is part of the collection Soft & Strong. These particularly soft, functional upholstery fabrics are ideal for use in commercial and public spaces. High abrasion resistance, good light fastness and a wide range of flame retardant properties are proof of this. Almost all articles are Oeko-Tex and Möbelfacta certified. Due to their purity (all 100% polyester FR), they are recyclable and can be returned to the material cycle. The Soft & Strong combination card was printed on recycled paper.
