

Quinn DELIGARD

Item number 37215, KMAT 61000174

Product description

DELIUS upholstery fabrics with DELIGARD technology are particularly resistant to moisture and dirt. The innovative system gives bacteria, dirt and moisture no chance. The technology prevents the growth of germs and therefore offers lasting cleanliness even under heavy use. They are the solution for long-lasting stain-free upholstery

The surface is covered with a special coating that protects the fabric from the penetration of dirt. The protective layer on the back prevents the penetration of moisture and wetness. The fine, geometric design of Quinn DELIGARD consists of an all-over diamond pattern on a linen-like structure. Quinn is part of the Safe & Clean No.3 collection. The items in the collection are color-coordinated and provide exciting combination options.
